Amedeo d'Aosta

in via Guglielmo Oberdan, 8 70126 Bari

This workshop intends to give SSPG teachers a "hands-on" insight into how best to approach their own, and their students', preparation for the new **INVALSI for English** tests.

The workshop will offer

- general advice on the presumed structure of the 2018 test, as well as
- specific advice on test preparation and test-taking technique.

The workshop will also look at how integration of the **Pearson Test of English Young Learners [PTEYL]** into their scholastic curricula can significantly assist in achieving real success both in the classroom and in INVALSI and End-of-year exam performances.

Where and when possible, the workshop will be conducted in English.
